

# ICA WORKING GROUP ON GEOSPATIAL ANALYSIS AND MODELING

## TERMS OF REFERENCE:

To **network** cartographers, geographic information scientists, and other researchers involved in geospatial analysis and modeling

To **facilitate** the interaction and communication between the computational community and cartographic community for creation of geographic knowledge

To **foster** a new research community centered on visual geospatial analysis and modeling

To **organize** ICC sessions and ICA workshops on geospatial analysis and modeling

To **edit and publish** geospatial analysis and modeling related reports, books, and special issues with some scientific journals

## ACTIVITIES OVER THE PAST TWO YEARS:

The first ICA workshop on geospatial analysis and modeling, 8 July 2006, Vienna, Austria

<http://www.hig.se/~bjg/ica/workshop/>

The second ICA workshop on geospatial analysis and modeling, 12-13 July 2007, Athens, GA, USA

<http://www.ggy.uga.edu/people/faculty/xyao/Workshop2007/>

## PUBLICATIONS:

One volume of proceedings and two special issues with the international journals *Computers, Environment and Urban Systems*, and *Environment and Planning B: Planning and Design*

*Computers, Environment and Urban Systems* (special issue, forthcoming)

*Environment and Planning B* (special issue, in planning)

### PROCEEDINGS

The First ICA Workshop on Geospatial Analysis and Modeling

8 July 2006, Vienna, Austria
