

Dear Friends,

A meeting of the Census Cartography working group will take place on Friday, November 19, 2010 in Orlando, Florida, in association with AutoCarto and ASPRS 2010. This joint conference will take place November 15-18, 2010. The mission of the Census Cartography Working Group is to:

1. Share and exchange information on mapping methodologies that support censuses and statistical surveys
2. Encourage the use of new technologies and approaches supporting census mapping
3. Serve as a forum for census cartographers and organizations that promote census mapping activities

The focus of the working group symposium will be advances in census cartography in the last decade with a look toward the future. Topics will range from census mapping techniques to support data collection to thematic and reference mapping to support data dissemination. I invite you to submit a paper or presentation for consideration. Submissions can be sent to: kaile.h.bower@census.gov

If you plan to attend, please respond to this invitation.

Important Dates

The following is the schedule of the submissions for the working group meeting:

August 1, 2010: Submission of 100-word abstract.

October 15, 2010: Submission of final paper or presentation.

November 19, 2010: Presentation to working group.

Regards,

Tim Trainor
