

ICA WG on Digital Technologies in Cartographic Heritage (Estbl. A Coruña, July 2005).

Activities (July 2005 – July 2007)

- Development of the WG's website (<http://web.auth.gr/xeee/ica-heritage>) .
- 15 members and 9 corresponding members (<http://web.auth.gr/xeee/ICA-Heritage/Members.htm>)
- Cooperation with the international web journal "e-Perimetron" for sciences and technologies affined to history of cartography and maps (<http://www.e-perimetron.org>)
- 1st WG members meeting, Thessaloniki 19 May 2006. (<http://web.auth.gr/xeee/ICA-Heritage/Meetings.htm>)
- 1st International Workshop "Digital Approaches to Cartographic Heritage", Thessaloniki 18-19 May 2006 (<http://web.auth.gr/xeee/ICA-Heritage/Workshop/Workshop.htm>). See relevant reports in *ICA News*, June 2006 and in *GIM International*, May 2006. Reports appeared also in: *Cartographica Helvetica*, *Imago Mundi* Vol. 59, part 1, 100-104, *Croatian Carto. Soc. Journal*, the Dutch *Caert-Thresoor*).
- Publication of the Workshop's proceedings, *Digital Approaches to Cartographic Heritage*, (E. Livieratos ed.), Thessaloniki: National Centre for Maps & Cartographic Heritage, ISBN 960-7999-18-5, 325 pages, July 2006. (<http://web.auth.gr/xeee/ICA-Heritage/Workshop/Proceedings.htm>)
- 2nd Joint International Workshop "Digital Approaches to Cartographic Heritage", Athens 18-19 May 2007 (<http://cartography.web.auth.gr/2ndW/Index.htm>)
- The WG proposed the Session (5) on Digital map analyses in the frame of the 22nd International Conference on History of Cartography held in Berne (7-13 July 2007) where members of the WG presented four papers on the session's subject (Monday 9 July) (http://www.ichc2007.ch/pdf/ichc2007_pocket_programme.pdf)
- The WG Chair gave a paper (Teaching digital analysis techniques for historical maps) in the frame of the ICA Session on Teaching the History of Cartography (Saturday 7 July) in the ICHC 2007 pre-conference events (http://www.ichc2007.ch/pdf/ichc2007_ica_teaching.pdf). WG member gave also a paper in the second pre-conference event, the ISCEM session (<http://mailman.geo.uu.nl/pipermail/maphist/2007-June/010034.html>).
- Members of the WG are presenting relevant papers on digital technologies in cartographic heritage in the 23rd International Cartographic Conference, Moscow, 4-10 August 2007 (<http://icc2007.com/files/Program.doc>)
