

General Assembly 2015 document / Assemblée Générale 2015

Item 7

Topic: **New member nations / Nouveaux membres nationaux**

Rapporteur: **László Zentai, Secretary-General / Secrétaire général**

Date: 23 July 2015

We got a request from Ukraine.

A newly formed national organization, the State Service of Ukraine for Geodesy, Cartography and Cadastre would like to take over the national membership from the recent member, from the Ukrainian Cartographic Association.

Both organization expressed their approval on the request.

To: **Mr. Georg Gartner,**
the President of the International
Cartographic Association

1ST July, 2015

Dear Mr. Gartner,

The State Service of Ukraine for Geodesy, Cartography and Cadastre was established in the January, 2015. It is a central executive body which exercises the state policy in the sphere of geodesy, cartography, cadastre and land relations. Simultaneously the Government of Ukraine has authorized the newly created authority to present Ukraine to the international organizations (International Cartographic Association in particular).

Ukrainian Cartographic Association upholds this decision. We are open to the idea of hanging over the authority of national member to the State Service of Ukraine for Geodesy, Cartography and Cadastre.

Sincerely,

Dr. Rostyslav Sossa,
The President of Ukrainian Cartographic Association

Mr. Georg Gartner
President
International
Cartographic Association

Dear Mr. Gartner,

On behalf of the State Service of Ukraine for Geodesy, Cartography and Cadastre please accept the assurance of our highest consideration.

We highly appreciate membership of Ukraine in International Cartographic Association (ICA) and designate that international cooperation in sphere of cartography is still in our priorities.

As you know the national membership of Ukraine in ICA in recent years has been carried out by public organization – Ukrainian Cartographic Association.

Please, be informed that we have already negotiated with Ukrainian Cartographic Association about changing of their current ICA status. Ukrainian Cartographic Association does not object to transfer national membership to State Service of Ukraine for Geodesy, Cartography and Cadastre which is a central executive body, activity of which is directed and coordinated by the Cabinet of Ministers of Ukraine represented by Vice-Premier-Minister of Ukraine – Minister of Regional Development, Construction and Housing of Ukraine and exercises state policy in the sphere of geodesy, cartography, cadastre and land relations according to the Decree on the State Service of Ukraine for Geodesy, Cartography and Cadastre.

We are looking forward to continue our cooperation in sphere of cartography and we would highly appreciate the possibility of designating the State Service of Ukraine for Geodesy, Cartography and Cadastre as a National representative from Ukraine at International Cartography Association.

Sincerely yours

Maksym Martyniuk
Chairman
