Prof. László Zentai, Ph.D.
Secretary-General and Treasurer
International Cartographic Association (ICA)

Dear prof. Zentai,

After certain period of inactivity and stagnation, cartography in Serbia has a new momentum and young researchers and experts in this field are full of enthusiasm and ready to exchange their knowledge with colleagues worldwide.

University of Belgrade – Faculty of Geography, as a leader in research and development in field of cartography, is interested to represent Serbia in International Cartographic Association as an affiliate member as well as to fulfill all affiliate member duties.

Since recent member, Serbian Association of Cartographers, is no longer active, both in Serbia and in ICA, and not capable to pay the membership fee, fulfill duties of the member and participate in ICA comities work, GIS department (Chair for Cartography and Chair for GIS) at University of Belgrade – Faculty of Geography is ready to take participation in all ICA activities available to affiliate members according to ICA Statutes.

We would be very glad if you accept our request and allow us to revitalize Serbian membership in ICA. Membership in international bodies is essential for researchers and scientist in all fields of cartography, and we are sure that ICA affiliate membership will open numerous possibilities for know-how exchange for Serbian cartographers.

Sincerely,

DEAN OF THE FACULTY

Prof. Dejan Filipovic, Ph.D.
