Dear ICA Secretary-General:

As chair of the U.S. National Committee for the ICA, a standing committee of the Cartography and Geographic Information Society and the national organisation representing the United States for the ICA, I am pleased to submit this nomination for an ICA Commission on Mountain Cartography.

All the required documents are contained herein. Should you need any additional information, please feel free to contact me at abuckley@esri.com.

Respectfully,

Aileen Buckley, ICA National Delegate – USA

Dr. Patrick Kennelly

Professor Emeritus
Long Island University
Department of Natural Sciences
720 Northern Boulevard
Brookville, NY 11548

e-mail patrick.kennelly@liu.edu

I confirm that I'm willing to serve the International Cartographic Association as a proposed chair of the Commission on Mountain Cartography in the period 2023 - 2027

- Mountain cartography
- Environmental mapping
- Cartographic education
- Geospatial analysis

Terms of Reference

Mountain Cartography Commission

- Define the knowledge areas of mountain cartography and promote the methods of mountain cartography among scientists and professionals in cartography and related fields.
- Provide an attractive web-portal with information about Commission activities, links to other events, theme-specific knowledge, related websites, and bibliographic information.
- Discuss how different topics and issues of mountain cartography relate to other areas of interest in cartography, especially the terms of reference of other commissions.
- Continue the well-established Mountain Cartography Workshop series.
- Promote publication and research activities (abstracts, proceedings, and journal articles and special issues).

Patrick Kennelly
