The winners received diploma and 50 US dollars.

In relation to the public vote should be mentioned an unfortunate situation caused by the absence of original Indonesian maps, provoking that during the Exhibition only their scanned copies were presented from the second day. The Chair of Jury would like to ask the ICA Executive Committee and future competition/exhibitions organizers to make all their efforts to avoid similar situations at the future, and at same time supports the solution offered by ICA President to present all the Indonesian maps on the main front cover of ICA News during the next months.

The Judging Committee would like to thank the support received by the Local Organizer Committee, in special by Nikolai Komedchikov and his colleague during the counting of public vote and the making of diplomas for the winners.
